Income & Expenditure to 31 May 2020 - Commentary on Detailed Report Attached

The attached report covers the Council's expenditure to the end of May 2020.

Structure and Interpretation of the Report

This is a "Cost Centre Report" and gives income and expenditure for each of the Council's cost centres (there are eight in total). A cost centre is a separate service or area of expenditure, for example allotments are one cost centre and the Village Centre another. Each cost centre is given as a three digit number with a narrative description beside it and they are:

- 101 Administration
- 107 Grants [those awarded by the Parish Council]
- 109 Capital & Projects [funded by grants awarded to the Parish Council]
- 201 Recreation Field & Meadow Way
- 203 Street Lighting
- 204 Open Spaces
- 205 Allotments
- 301 Village Centre

There is a sub-total showing "Net Income over Expenditure" for each cost centre and at the end of the report a set of Grand Totals shows the total "Net Income over Expenditure" for the whole Parish Council. On these totals a positive figure say **37,568** indicates that income was more than expenditure by that amount whereas a negative figure (in brackets) thus **(19,808)** indicates that expenditure exceeded income. Note that for all figures in this report a £ sign is assumed but not actually stated.

Within the costs centres the information is arranged in columns. Reading across the columns from left to right:

- 1. First column (no heading) is a four figure digit which is the nominal code; a four digit code that starts with 1 is an income code, if it starts with 4 it's an expenditure code (and with 5 is a transfer to or from reserves). Nominal codes describe the type of expenditure or income.
- 2. Second column (no heading) is a brief narrative description of each nominal code
- 3. Third column headed "Actual Last Year" is the full year figures for the financial year 1 April 2019 to 31 March 2020.
- 4. Fourth column headed "Actual Year To Date" is the part year figures for this year so for this particular report that's the two months of April and May 2020.
- 5. Fifth column headed "Current Annual Bud[get]" is the full year budget figures for the current financial year 1 April 2020 to 31 March 2021 as agreed by Council on 23 January 2020.
- 6. Sixth column headed "Variance Annual Total" is the difference between the actual expenditure to date (Column 4) and the Annual Budget (Column 5) a figure with brackets around it in this column indicates that the budget has been exceeded or that there has been expenditure where there was no matching budget. Sometimes this indicates unanticipated expenditure e.g (1,155) against the new nominal code 4031 Covid-19 (cost Centre 101).
- 7. The seventh column headed "Committed Expenditure" is blank because we don't use the commitments system and this is a standard report format.

- 8. The eight column headed "Funds Available" shows figures the same as those in column six against expenditure codes. If we used commitments then the information in this column would be different from the sixth column.
- 9. Ninth column headed "% Spent" shows the percentage of the budget spent (or received). So, in this report and for regular payments or income it would be reasonable to expect the final column "% spent" to show something in the region of 16.67% (being two twelfths). Of course not all expenditure or income is spread evenly across the year and Councillors will be reliant on a specific commentary (below) from the RFO to identify areas where the figures are not where she would expect them to be at this point in the year.

Commentary on Specific Items

(each of the items refered to are highlighted in yellow on the attached report)

Page 1 Cost Centre 101 Administration

4053 Loan Interest & 4054 Loan Capital Repaid – the Actual Last Year figures reflect three half year payments, not the usual two. Where 31 March falls at the weekend or at a bank holiday the loan repayment due at that time is taken in early April. In cash accounting that means the payment is recorded in the next financial year (the year that the cash left the bank). In accruals accounting the payment is recorded (or accrued) in the year in which the sum fell due. As the parish council is moving to accruals accounting this year the problem will not recur.

Page 2 Cost Centre 107 Grants

<u>4711 Comm[unity] Wardens Cont[ribution]</u> – there is no expenditure shown to date this year and the matter has been raised with CDC as to why we have not yet been invoiced.

Page 4 Cost Centre 301 Tangmere Village Centre

 $\underline{1010}$ Letting Income – Regular Users – there is £1,572 of letting income that relates to the previous financial year (see previous comments about cash versus accruals accounting) There has been no letting income for this financial year to date.

1040 Solar Panel Income highlighted in error

1061 Grants Received £10,000 Small Business Grant received for Covid-19

4011 Rates – no rates payable to date because of Covid 19

4017 Cleaning Contract – three months (including March 2020) shown

4020 Miscellaneous Expenses – unexpected credit balance being investigated

<u>4024 Subscriptions</u> – credit balance arising from the fact that a payment for the PRS/PLP license (payable because some users use recorded music) was charged to the previous years accounts but has not been cashed by the licensing body because the charge for the year will change significantly due to Covid-19. In accruals accounting this would not have arisen because the charge and the "refund" would have taken place in the same year resulting in a nil balnce.
